Landlords: Updating Your Listing Information
As we progress through the year it is important for landlords to remember to update their information on our BYUH Off-Campus Housing Website. Be sure to update the vacancies for each semester every time you have a vacancy fill or open up. Also if you make any changes to your monthly rental price or the amenities offered please update those as well. Keeping your listing as up to date as possible will help avoid any complications in the tenant-seeking process. Listings that have pictures up on the website are more likely to get interested tenants as well, so for those who have not put pictures up yet, it will help to get those up onto our website so that students can see what the place looks like. If you are having trouble updating the listing, you can contact the Off-Campus Housing staff at the numbers or emails on the left. We would be happy to update any information for you, or we can teach you how to do it yourself! If you need a login, call us and we can set up an account for you.

Rights of Privacy and Inspection
The landlord must give 2 days written notice before they can enter the unit unless there is an emergency which threatens life or damage of property. Otherwise, landlords can enter if any student gives permission for them to enter.

Non-Students Living in BYUH-Contracted Housing
Just a reminder that the BYUH Single Student-Landlord Rental Agreement states that only full-time single students are allowed to live in BYUH-Contracted housing.

Spiritual Thought
"I would not hold the position in the Church I hold today had I not followed the counsel of a prophet, had I not prayed about that decision, had I not come to an appreciation of an important truth: the wisdom of God oftentimes appears as foolishness to men. But the greatest single lesson we can learn in mortality is that when God speaks and His children obey, they will always be right."
- President Thomas S. Monson
